 Sold! Are you looking for a house with "good bones" that you can make your own? Come on over and check out 5006 Onteora Drive! Updating was begun by the current owner until his job changed location, so now is your chance to have a jaw-dropping view plus all the necessities - 3 bedrooms, 2 baths, a 2-car garage, and a yard with more views! Inside there is an open living area floor plan, wood floors, and central air. The upper level has a master suite and the other two bedrooms, a hall bathroom, and laundry hookups. The back yard is fully fenced, and from the rear deck you can see all the way from Mt. Baldy to the West Valley, no kidding! You also will be in the great Eagle Rock Elementary, Junior & Senior High School area where there are magnet programs, special education, AP classes, and International Baccalaureate designations to suit your child's needs. No kids? Well, good schools are good for resale values, too.
